

Quidi Vidi Brewing Company is expanding and we're looking for a full-time operations manager to join our team.

Who we are:

Quidi Vidi Brewing Company, located in the historic fishing village of Quidi Vidi, is the largest craft brewery in Newfoundland & Labrador. As one of the first craft breweries in NL, we've helped to grow the craft beer scene in the province – and we have no plans of stopping! We are rapidly growing and transforming our organization; we're increasing our production capacity and releasing new beer in new formats.

At QVBC we have a strong sense of community and draw inspiration from our surroundings. We're most known for our Iceberg beer, a refreshing lager, made from the water harvested from the icebergs that dot our coast.

Who you are:

You are an experienced manager who leads by example. You jump in where ever you're needed and aren't afraid to get your hands dirty. You have the ability to prioritize and multitask. You are mechanically inclined and an agent of change.

What you'll do:

You'll be responsible for the effective management of our brewery operations, including production, storage and distribution of product. You will be responsible for managing and coaching production staff as well as creating production and staffing schedules. You will ensure the safe operation of all production equipment as well as ensure that all procedures pertaining to quality assurance are being followed. The operations manager will take ownership of our production facility, being responsible for maintenance and upkeep. You will lead the growth and transformation of our operations by planning for future facilities, equipment and processes development.

Responsibilities:

- Maintain consistent excellent quality of packaged beer
- Evaluate the performance of operations, procedures, processes and equipment and make adjustments where needed
- Ensure all safety and sanitation processes are being followed
- Effectively manage production staff and provide ongoing training and assistance
- Setup, operate, service and maintain all production machinery
- Follow all procedures in place to ensure a safe and sanitary working environment
- Manage supply chain logistics
- Vendor management
- Package product in accordance with developed procedures and plans
- Perform routine preventative maintenance and cleaning of equipment
- Log production activities in accordance with company procedure to ensure quality and inventory controls
- Actively seek ways to contribute, improve and strengthen employee and organizational culture

Qualifications

- Minimum 5 years experience in an operations management role
- Previous experience coaching and mentoring staff members
- Brewery experience considered a strong asset
- Strong mechanical and troubleshooting skills
- Strong interpersonal and communication skills
- Strong time management and organizational skills
- LEAN Certification, or willingness to complete
- Ability to work both independently and within a team environment
- Ability to operate a forklift considered an asset
- Must be able to work with minimum supervision
- Must be able to lift 90lbs
- Demonstrate our core values

Please forward all applications to: jobs@quidividibrewery.ca no later than September 6th 2018

We thank everyone for their interest in this position; however only those selected for an interview will be contacted.
